

### **NAPPY CHANGING POLICY**

Only staff authorised and DBS checked may change nappies.

All changing facilities are kept in the main open plan classroom.

Blinds are closed at the window to provide privacy when nappies are being changed.

Staff must wear and change gloves when changing any nappy. Staff must also wear a disposable apron to protect their uniform.

The changing mat must be cleaned between each nappy change with an anti-bacterial spray.

We will provide sensitive wet wipes for nappy changes, providing the parents have given permission. Parents may provide own cream and wipes. Parents provide all nappies.

Nappies will be changed no later than every 3 hours; or sooner if necessary.

All nappy changes are recorded on a nappy chart in the room and information on nappy consistencies will be provided for all Grasshopper children in their Home Link book.

**ALWAYS WASH YOUR HANDS AFTER NAPPY CHANGING**
